# STARRY NIGHTS

## MOBILE PLANETARIUM

Step into the cosmos with our mobile planetarium, where learning meets adventure! Designed for schools, our portable dome offers an immersive journey through space, complete with captivating visuals and interactive experiences. Tailored to educational standards, our programs ignite curiosity and deepen understanding, making astronomy come alive for students of all ages.

**1** ENGAGING PRESENTATIONS

**2** CUSTOMIZABLE PROGRAMS

**3** HANDS-ON ACTIVITIES

### PORTABLE DOME:

A collapsible, inflatable structure that serves as the immersive environment for the planetarium experience.

### PROJECTION SYSTEM:

High-quality projectors and software capable of displaying realistic and detailed images of celestial bodies, constellations, and astronomical phenomena on the dome's interior surface.

### EDUCATIONAL CONTENT:

Curated lessons and presentations aligned with school curriculums, including interactive elements and hands-on activities to engage students and deepen their understanding of astronomy.
